RE: Petition to Amend 25 Pa. Code § 93.9o (Sherman Creek)

Dear Ms. Sieber:

Under 25 Pennsylvania Code, §93.4d(a) (relating to processing petitions, evaluations and assessments to change a designated use), the Department of Environmental Protection is required to publish a notice of intent to assess candidate waters before performing survey work on a petitioned waterbody. Pursuant to that requirement, the Department developed the enclosed notice concerning its intent to assess a portion of Sherman Creek (mainstem from Cisna Run to its confluence with the Susquehanna River). This notice will be published in the August 11, 2007, edition of the *Pennsylvania Bulletin*.

If you have any questions about this correspondence or the status of the petition you submitted to the Environmental Quality Board to redesignate Sherman Creek, please contact me at the above number or by e-mail at mtate@state.pa.us.

Sincerely,

Michele Tate
Regulatory Coordinator
